10:30 it is! I'll send out a calendar invite. Suzie and I can just call you directly – I don't think we are at a point of needing to get your IT folks involved, unless you want their input on the scope of the project to decide whether or not it makes sense for KAB to take on? If time allows, it would also be good to spend a few minutes talking about the education workgroup's plans, since I don't believe anyone from KAB was able to make last Friday's call.

Good Morning Brandon,

How about 10:30? We can use our conference line Ex. 6 Personal Privacy (PP) pin Ex. 6 Personal Privacy (PP) or just call me at Ex. 6 Personal Privacy (PP) or let me know what number to call. Do I need to have our IT folks involved at this point?

Thanks,

Randy

Thanks, Randy! Suzie and I look to be free 8-9, 10-11:30, and 12-1 tomorrow. Does one of those slots work best for you? I don't expect we'll need more than half an hour to talk it through.

-Brandon

Hi Randy –

In previous conversations on the infrastructure workgroup and the group's priority action of putting together a clearinghouse of tools and resources for advancing materials management infrastructure, you have mentioned that KAB may be interested in playing a leadership role in creating the clearinghouse. Would you be available for a quick call before next week's infrastructure WG meeting (Fri., 6/21, 3-4:30 PM) to discuss the role you foresee KAB playing in this, what work you've already done in this area, etc.? We're trying to pin down which organizations will be leading the various workgroups' priority action efforts before the next round of calls. Suzie and I look to have fairly open schedules on Monday and Tuesday if you're available.

Thanks!
